## X-BOX

### HYBRID LITHIUM LIGHTING TOWER

#### Introducing the X-BOX HYBRID Lithium Lighting Tower by TRIME.

Versatile across multiple industries including construction, civil, mining, events, municipal, and emergency services. Its compact design allows for efficient transportation fitting 18 units per 40ft truck, reducing transport costs. Mobilise and demobilise on-site with ease, while enjoying a 1,455 hour run time that cuts fuel costs and CO<sub>2</sub> emissions. With a recharge time of 3 hours, the X-BOX is a great fit for your rental fleet.
